

# Canada: Atlantic Canada Mega Projects

Tracey Ford  
Nicole Laity  
May 2014

## SUMMARY

A record CDN \$115 billion worth of major investment projects are currently being developed across Atlantic Canada. These mega projects (with a value of \$25 million+ each ) are redefining the Atlantic Canada economy and include numerous offshore and onshore oil and gas, mining and manufacturing projects. This growth in resources and manufacturing is also matched by investments in transportation systems, infrastructure and residential and commercial property.

More specifically the Halifax Gateway, provides an advanced infrastructure of multimodal transportation and logistics services. The Gateway consists of the Port of Halifax, the Halifax International Airport, CN Rail and the Halifax Logistics Park. The Gateway is positioned to handle the flow of goods, services and people from the mega projects, as well as from the growing economy. This will have a positive impact regionally and will create better access to global markets.

## PROJECTS

- 🍁 Energy East Oil Pipeline – *a 1.1 million barrel/day pipeline across Canada with shipping internationally*
- 🍁 Halifax Shipbuilding Contract – *a contract to build combat vessels for the federal government*
- 🍁 LNG Export Facility – *a project for an export facility in Goldboro, Nova Scotia*
- 🍁 Shale Gas Development – *a proposed shale gas development in Nova Scotia*
- 🍁 Iron Ore in Labrador & Quebec – *various projects that will move iron ore to Asia and Europe*
- 🍁 Gull Island Hydro Development – *a 2,250MW hydro development connecting to the Maritime link*
- 🍁 Maritime Link – *a subsea transmission line between the Island of Newfoundland and Nova Scotia*
- 🍁 LNG Export Facility – *a project for the development of an LNG export facility in Melford, Nova Scotia*
- 🍁 Muskrat Falls Hydro Project – *transmission infrastructure from Churchill Falls to Newfoundland*
- 🍁 Long Harbour Nickel Processing Plant – *a nickel hydromat facility on the Island of Newfoundland*
- 🍁 Nova Scotia Offshore Exploration – *seismic work and exploration for oil by Shell Canada and BP*
- 🍁 Voisey's Bay Underground Mine – *a project to extend the life of the mine*
- 🍁 Hebron Oil Project – *a project for Newfoundland and Labrador's fourth oil field by ExxonMobil Canada*
